OFFICE OF PETITIONS

### PETITION UNDER 37 C.F.R §1.47

Dear Sir:

The undersigned, Sandeep Jaggi, Esq., hereby petitions under 37 C.F.R. 1.47(b) for the right to make application for patent on behalf of and as agent for the co named inventor, Dojun Rhee, for the above-referenced patent application ("the '556 application") and to revive this application from abandonment.

On information and belief, I hereby declare:

1. I am presently the Chief Intellectual Property Counsel of LSI Logic Corporation ("LSI").
2. I have been employed by LSI since at least the time the '556 application was filed on November 27, 2001 with the U.S. Patent and Trademark Office (the "PTO"), and am familiar with the prosecution of this application.
3. I am authorized to sign on behalf of LSI for matters such as the present matter.
4. The co-named inventor for the '556 application, Dojun Rhee, can not be found or reached after diligent effort to sign any formal papers for the '556 application, such as the declaration and assignment.
5. Dojun Rhee is no longer employed by LSI, and was terminated from employment with LSI on October 17, 2000.
6. The last known address for Dojun Rhee is Kangnam-Ku Apgujung-Don Hyundai Apartment Number 115, Dong 603 Ho, Seoul, Korea.
7. Dojun Rhee was presented with a package consisting of a copy of the application papers as to be filed with the PTO, and which were the same papers as filed on November 27, 2001 along with the formal documents (e.g., the declaration and assignment) for signature at least once, mailed via Federal Express on September 14, 2001. The

package was addressed to the last known address of paragraph 6 above, Mr. Rhee acknowledged that he received the package via email on September 28, 2001, but never responded by signing any formal documents.

8. LSI has a proprietary interest in the '556 application by nature of an Employee Agreement giving it rights to inventions made by Dojun Rhee. A true and correct copy of this Employee Agreement is attached hereto.
9. It is necessary for LSI to sign on behalf of the named inventor, as the present application will go abandoned for failure to have a signed oath or declaration. LSI will suffer the loss of rights to this invention if the '556 application is not revived from abandonment.
10. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
11. Please charge any additional fees or credits to deposit account number 12-2252.

Respectfully submitted,

Dated: February 8, 2002
